

AMAZONAS

NEW
OLD
WORLD
SUMMER 18

One day, we thought that there was so many rubber in the world and nothing creative was done with it. So, we got together to create a versatile, ecologically correct and very resistant sole. ECO.

But this was not all. We enjoyed it so much, that this has become our mission. In a world of colors, life and innovation.

Today, it would be difficult to choose our favorite sandals among so many of them. In fact, we don't need to! After all, we are present in more than 55 countries, working to take our beautiful products to all parts of the world. Everyone deserves to wear these beauties.

Now, go to the next page and get ready!
You will be surprised.
Xoxo,
Amazonas.

AMAZONAS

SUMMER18

Imagine that you are going on board of a caravel without knowing exactly where you're going.

The sea is mysterious, and the sky changes from warm to cool colors, always changing its mood.

From ocean depths covered with exotic plants and unknown animals, to a glimpse of the land that comes closer.

Glowing flowers that reflect galaxies, rare creatures, scents and a variety of sensations... Many things can happen.

Butterflies in your stomach and the desire for novelty still remain. Arriving is not important at all. Nothing is worth more than the journey.

*It is worthwhile to conquer the New Old World.
Come on board of Summer 18 | Amazonas.*

FIOS LINE

To make an impression, there is nothing better than the FIOS's women's line, which is developed with renewable raw materials, without chemical processes or water, and no carbon emissions to the environment.

Want more? New options of patterns and colors to celebrate the summer.

For each meter of fabric (manufactured with yarns of 8 PET bottles), 480g of textile waste is removed from the environment.

The image features a solid yellow background. Two black, fluid, wavy lines are drawn across the frame. One line starts on the left, dips down, and then rises towards the top right. The other line starts higher on the left, dips slightly, and then rises more steeply towards the top right, crossing the first line. The text 'GIRL/BOY' is positioned in the lower right area of the image.
